EUROPEAN UNION RESEARCH CENTER

Yasar University EU Research Center organises, supports and coordinates activities to actively benefit from European Union (EU) education and research programmes and EU funds. EU Research Center closely monitors Erasmus+, Horizon 2020 and other EU education and research programmes; prepares projects and develops cooperation with respected higher education institutions and research centers in Europe. EU Research Center provides consultancy service on EU programmes to all Yasar University staff and students.

EUROPEAN UNION RESEARCH CENTER

EU experts of the Center provide PCM trainings for the members of universities, public institutions, private companies and civil society organisations.

PROJECT CYCLE MANAGEMENT (PCM) TRAININGS

Erasmus Programme is coordinated by the Yasar EU Research Center. Yasar University currently has 211 partner universities from 24 different EU countries. Within Erasmus Programme our students have opportunities to study in European universities for one or two academic semesters while they can also do internship in one of 33 European institutions and organisations that Yasar University works with. Within the scope of Erasmus Programme, students are also given lectures, seminars and conferences by academics from various countries. Each year, international mobility of around 60 faculty members and administrative staff of Yasar University is provided by Erasmus Programme for lecturing or getting training in several European institutions.

- “Erasmus Success Story” awarded by European Commission in 2010 and 2012.
- “Example of Best Practice in Implementing Intensive Language Courses” awarded by Turkish National Agency.
- “Example of Best Practice in Recognition Issue” by Turkish National Agency.
- “Example of Best Practice in adaption to the European Credit Transfer System (ECTS)” by Turkish National Agency.
