YASAR
UNIVERSITY

EUROPEAN UNION RESEARCH CENTER

Yaşar University EU Center organizes multi-disciplinary seminars, conferences and teaching activities on European Studies and provides overall coordination for effective participation of Yaşar University in EU education and research programmes.

EU Center closely follows EU funded programmes (Erasmus+, Horizon 2020 and etc.), develops projects and cooperates with universities and research centers in EU member states and candidate countries in the field of education and research. EU Center aims to raise awareness on European Union process and EU funds both on institutional, local and international level.

The Center also provides consultancy services for all Yaşar University students and academicians in EU grant programmes and preparation of new projects.

EU FUNDED PROJECTS

Yaşar University EU Center has successfully participated in approximately 60 EU funded education and research projects since 2005. Within the scope of these projects, Yaşar University students and academicians carry out collaborations with other European universities and find the opportunity to participate in summer schools and research projects in Europe.

You may find further information on projects at <http://euc.yasar.edu.tr/>.

SEMINARS & CERTIFICATE PROGRAMS

By developing local and international cooperation with other distinguished HEIs, public institutions and NGOs, the Center organizes seminars and certificate programmes on current EU related topics. The Center also organizes online information seminars (webinars) and trainings on project management and EU funding opportunities.

PROJECT CYCLE MANAGEMENT (PCM) TRAININGS

“Project Cycle Management” trainings are delivered to both Yaşar University academic staff and members of many public institutions, private companies and non-governmental organizations in İzmir and Aegean Region.

Since 2007, more than 600 people have participated in “Project Planning and Project Management” trainings organized by the EU Center in cooperation with different stakeholders in İzmir.

EXPERIENCE & LEARNING OPPORTUNITIES THROUGH EU PROJECTS

Yaşar University students and academicians are offered new learning experiences through the activities of EU projects such as seminars, exchange programmes, field studies and voluntary working opportunities.

ERASMUS+ YOUTH PROGRAMME EUROPEAN VOLUNTARY SERVICE (EVS)

Yaşar University EU Center actively participates in EU Youth Programme. Within the framework of Erasmus+ Youth Programme European Voluntary Service, EU Center is an accredited “Sending” and “Coordinating” institution. By organizing periodic information meetings and seminars, Yaşar University gives young people the opportunity to increase their international experiences through participating in cultural and social activities and

social responsibility projects in Europe. The program is not only open to Yaşar University students, but to all young people between the ages of 17-30 in İzmir. List of youth projects of Yaşar University and the experiences of young people who took part in youth projects can be found on the following website:
